## DISCLOSURES

The Infrastructure Investor's 2023 Annual Awards span 54 categories across Europe, the Americas, Asia-Pacific, the Middle East and Africa.

All investing involves risk. Infrastructure companies may be subject to a variety of factors that may adversely affect their business or operations, including high interest costs in connection with capital construction programs, high leverage, costs associated with environmental and other regulations, the effects of economic slowdown, surplus capacity, increased competition from other providers of services, uncertainties concerning the availability of fuel at reasonable prices, the effects of energy conservation policies, and other factors. The value of an investment will fluctuate over time, and an investor may gain or lose money, or the entire investment. Past performance is no guarantee of future results.
